CONFERENCE CANDIDATES CHOSEN FOR THE COUNCIL

One Socialist Wins—Old Board of Education Seems to Be Re-elected

LOS ANGELES, June 4.—H. H. Rose defeated John W. Shenk in yesterday's mayoralty election by 9,026 to 37,019, according to figures furnished by City Clerk Wilde. Eight of nine councilman candidates named by the Municipal Conference, which nominated Shenk, were elected, despite Shenk's defeat. One Socialist was named. The new administration will become active on July 7.

Early Report of Election
LOS ANGELES, June 4.—Henry H. Rose, independent candidate for mayor of Los Angeles, was elected yesterday over John W. Shenk, municipal conference candidate, by a majority estimated at between 7,000 and 8,000. The following were elected to the city council: Martin Betouski, independent; F. J. Whiffen, municipal conference; F. C. Langdon, municipal conference; J. S. Conwell, municipal conference; Fred C. Wheeler, Socialist; W. J. Bryant, people's committee; J. W. Snowden, municipal conference; H. Z. Osborne, municipal conference; Charles McKenzie, people's committee.

Albert Lee Stephens, municipal conference candidate, was elected city attorney. The present board of education appears to have been re-elected. The members are J. H. Bean, Reynold E. Hight, Mrs. R. L. Craig, H. W. Frank, James M. Gunn, Joseph Scott and John J. Steadman.

There were less than 90,000 votes cast instead of the expected 100,000 votes predicted in the early part of the day and repeated throughout the day. Fred C. Wheeler, Socialist, elected city councilman, was apparently the only Socialist elected.

PASSED TWO BOGUS CHECKS

A German who talks broken English, aged 26 or 28, passed two bad checks here Saturday evening, each for \$25.00. To them he had forged the name of George C. Condon, one of the high contractors. These checks were made out to E. Stein, by which name the man went in making purchases at the two stores where the checks were accepted.

At Knoller Bros., clothing store, in the Gilmacher block, and Winslow & Beisel, shoe store, the man made purchases and presented the checks, one at each place.

The checks used were counter checks. They bore a red ink stamp, "G. C. Condon, contractor." Condon says the signatures are forgeries. He says he always pays his men in cash.

The man has not been working for Condon, but has been around the work several times in the last ten days.

WOOD DEFENSE IS CHARGING BREEN WITH BLACKMAIL

BOSTON, June 4.—A colossal system of blackmail with John J. Breen, an underdog of Lawrence, as the central figure, was charged by Defense Attorney Coakley, opening the defense in the trial of William M. Wood, Frederick Atteaux and Daniel Collins, charged with planting dynamite to discredit Lawrence textile strikers. He characterized Breen as a "colossal liar," and asserted that Breen had a revenge motive in involving Atteaux in the affair. Atteaux testified for the defense this afternoon, and denied all the state's allegations, especially the testimony given by Breen.

Hetch-Hetchy Water Begged For by 'Frisco

WASHINGTON, June 4.—Appearing before the Senate public lands committee in the interest of the Hetch-Hetchy water project, Chief Clerk John S. Dunningan of the San Francisco supervisors, today declared that San Francisco is threatened with a water famine this summer as a result of the failure of the present water supply. He urged the committee to grant the city a reservoir site in the Yosemite National Park reservation.

Committee Chairman Chamberlain waived the customary formality of requiring the introduction of a bill in the Senate before a hearing is started. Perkins of California is expected to introduce a bill tomorrow.

17-Year-Old Student Goes To Prison for High Treason
TRIESTE, Austria, June 4.—M. Sterle, a 17-year-old student who recently issued a manifesto to the inhabitants of Trieste to revolt, declare a republic and continue the work begun by the student, Oberdank, today began service of a five-year term to which he was sentenced on a charge of high treason. Oberdank was hanged thirty years ago for attempting to assassinate Emperor Franz Joseph.

Methodists Planning New University Curriculum
WASHINGTON, June 4.—Questions pertaining to the curriculum and the finances of the American University, an institution recently established by the management of the Methodist Church were the important features of today's program for the first convocation of the university. The institution is housed in a series of handsome buildings on Massachusetts avenue north of Georgetown. Its chief purpose will be research and post-graduate work.

U. S. and England's Arbitration Treaty Ends
WASHINGTON, June 4.—Uncle Sam's arbitration treaty with Great Britain, which has been in force since 1908, and under which such questions as the Newfoundland fisheries dispute and the Alaskan seal controversy were settled, expired today. A new treaty will probably be considered immediately by the diplomats of England and America. If one is put through to take the place of the old one, it will be the first during W. J. Bryan's term as secretary of state.

Replicas of Columbus' Ships to Traverse Canal
ST. LOUIS, Mo., June 4.—Three of the first ships which will pass through the Panama canal will be replicas of the Santa Maria, Pinta and Nina, the three ships in which Columbus set out to find the route from Spain to the East Indies. Plans for the route these ships will take were announced here today. They will leave in time to go down the Mississippi, stop at various points and reach the canal shortly after the waters of the Pacific and Atlantic join.

RECEIVE BIDS JUNE 24 FOR NINE MILES

On June 24 contracts may be let for building nine miles of Orange County good roads under the \$1,270,000 bond issue. Today the Board of Supervisors set that date as the time for receiving bids for the construction of 5 1/2 miles on the Santa Ana-Huntington Beach road and 3 1/2 miles on Orangeflower avenue. Complete plans and specifications for these sections of roads have been filed by the County Highway Commission, and upon them the supervisors ask for bids. If contracts are let on these bids, as they will be if the bids are reasonable, they will be the first under the county good roads plan.

DERBY HISTORY FIRE LOSS FOR OUT DONE TODAY YEAR ONLY \$3,100

Most Exciting Finish of Annals; Three Horses Practically Neck to Neck

ABOUYER GOT FIRST AS CRAGENOUR DISQUALIFIES

Tragedy Mars Races; Suffragette and Jockey Hurt; Woman Tried Stop King's Entry

EPSOM DOWNS, June 4.—Running second in a terrific drive, A. Cunliffe's "Abouyer," at a hundred to one, won the British Derby, when C. Bower Ismay's "Cragenour," the favorite at six to four, was disqualified after passing the wire first. W. Raphael's "Louvois" was second. The time for the mile and a half was 2:37 3/5. W. Hall Walker's "Great Sport" placed third on Cragenour's disqualification. The first three finished nose and nose. Cragenour was ridden by Johnny Reiff, an American. He was disqualified for bumping near the finish. King George and Queen Mary were central figures in the most brilliant crowd ever attending the Derby.

The race was one of the most sensational in Derby history. "Abouyer" led into the stretch, when "Cragenour" forged ahead. Near the wire Abouyer and Louvois, inch by inch overhauled the leader. The three horses went under the wire with their noses together.

The royal party arrived at Epsom just before the race and received a tremendous ovation. The largest crowd in the history of the English Derby was present. No American horses were entered. Cragenour carried thousands of dollars of American money on account of being ridden by an American jockey.

Miss Elizabeth Davidson, a suffragette, attempted to spoil the chances of the king's entry "Anmer" at Tottenham Corners when she tried to seize the horse's bridle. The horse reared, falling on the woman, causing possibly fatal injuries. Jockey Jones received concussion of the brain, but the horse was uninjured. Miss Davidson is the suffragette who horse-whipped a minister at Aberdeen thinking him to be Chancellor Lloyd George.

TO STRIKE TRUST THROUGH TARIFF

Atty. Gen. McReynolds Plans Tax That Will Hit Big Tobacco Manufacturers

WASHINGTON, June 4.—The Wilson administration is planning a new move against the American Tobacco Company. Attorney General McReynolds has proposed an amendment to the tariff bill, levying an internal revenue tax on the manufacture of tobacco, graduated in such a way as to fall more heavily on the large than the small concerns. A consideration of this proposition consumed practically the entire session of yesterday's cabinet meeting.

The renewed activity on the part of the federal government in regard to the American Tobacco Company has been prompted by complaints made by independentists that the American Tobacco Company has not been dissolved in accordance with the mandate of the supreme court and that independentists are being pushed to the wall.

RECEIVE BIDS JUNE 24 FOR NINE MILES

The road to be covered on the Santa Ana-Huntington Beach road comprises the road commencing on West Fifth street at the Santa Ana city limits, west to the end of Fifth street, south to First street, and west on First street for three miles. This excludes the paving of the new West Fifth street bridge, but includes the construction of approaches. Orangeflower avenue will be improved for three miles west from the state highway, which will be on Spadra avenue, and for a quarter of a mile to the southwest corner of the Fullerton city limits, this quarter of a mile extending north from the west end of the three mile strip.

LOSS FOR YEAR ONLY \$3,100

Santa Ana Keeps Up Wonderful Record for Freedom From Bad Fires

GOOD WORK BY LOCAL COMPANY

Of Twenty-two Alarms in Last Twelve Months, Twelve Fake Alarms

Santa Ana is not a fireless city, but its record for years past shows it to be as near that kind of a city as it is possible for a city of its size to be. The record for the last year was presented last night by G. E. Peters, secretary-treasurer of the Santa Ana Fire Department, at the annual meeting of the department. His record for the last twelve months shows twenty-two alarms turned in, of which ten were for fires and twelve were for false alarms. The total damage done by fire in this city for the last year was \$3109.33, of which \$1669.83 was covered by insurance, making a net loss of \$1439.50. The city paid firemen for responding to calls the sum of \$756.

At the meeting last night the officers were all re-elected as follows: President, Earl Glenn; vice-president, E. E. Wood; secretary-treasurer, George E. Peters; chief, W. C. Young; first assistant chief, G. E. Peters; second assistant chief, R. S. Dickinson.

In large part the small loss is due to the excellence of the fire-fighting force. Santa Ana's firemen waste no time getting to the danger-point, and they have demonstrated time and again that they have no superior when it comes to knocking the fire out of a blaze.

Of the twenty-two calls responded to by the department, fifteen were in daytime and seven at night; sixteen calls were sent in by telephone, five came from boxes and one through a man who ran into the fire house.

The record of calls follows: Sept. 17, First and Flower streets; no damage; Sept. 17, Sixth and French; no damage; Sept. 21, Ninth and Main; no damage.

Oct. 13, 1919 East Fourth; no damage; Oct. 14, Fifth and Broadway; damage, \$149.33; insurance, \$149.33; Oct. 17, 819 East Second; damage, \$275; insurance, \$100.

Jan. 4, 222 South Main; damage, \$656; insurance, \$656. Jan. 7, 110 1/2 East Fourth; no damage. Jan. 22, Church and Sycamore; damage, \$20; insurance, \$20.

March 1, 1414 North Main; damage, \$53; insurance, \$47.50. March 11, 1106 East Second; no damage. March 15, 1027 1/2 East Fourth; damage, \$130; insurance, \$130.

April 3, 715 West First; damage, \$12; insurance, \$12. April 5, 317 West Fourth; no damage. April 15, 927 West First; damage, \$700; insurance, \$400. April 25, 501 East First; no damage.

May 9, 1321 Logan; no damage. May 19, Fourth and Minter; no damage. May 20, 617 West Fourth; damage, \$300; no insurance. May 28, 324 West Fourth; no damage. May 30, 1006 French; no damage. May 30, Shelton between Fourth and Fifth; damage, \$895; insurance, \$155.

Total damage, \$3109.33; total insurance, \$1669.83.

HUMAN TIGER TO HANG ON FRIDAY

Governor Refuses to Interfere; Oppenheimer's Attorney to Make Last Effort

SACRAMENTO, June 4.—It is learned from reliable sources that Jacob Oppenheimer, the "Human Tiger," condemned to die at Folsom next Friday for assaulting a fellow prisoner, is to be hanged, the governor refusing to interfere. Although Governor Johnson refused to confirm or discuss the matter in any manner, it was learned that preparations for hanging are being made.

Ringolsky Has Hope for Client
SAN FRANCISCO, June 4.—"The fight is not over yet," was the declaration today of Attorney Ringolsky for Oppenheimer, when told that the Governor will refuse to interfere as to the hanging. Ringolsky refused to discuss the plans of his last effort to save Oppenheimer, but insisted that he refuses to abandon hope.

BABY RESCUED FROM UNDER HORSE'S HOOF

Infant Slid Over Dash-Board When the Buggy Struck Automobile—Cuts and Bruises Inflicted

The 15-months old daughter of Ed Wallenberg had a narrow escape from death beneath the hoofs of a frantic horse yesterday evening. The baby fell to the pavement, and was rescued from being trampled to death, not before, however, her forehead had been cut by the hoof of the horse.

Mr. and Mrs. Wallenberg were driving on Fourth street near Sycamore when the horse shied at a handcart in which sacks of mail were loaded awaiting the arrival of a Los Angeles-bound car. The buggy went into R. K. Shafer's automobile standing close to the curb in front of Shafer's music store, smashing the fender. The sudden jolt caused the baby, who was being held on her mother's

REPRESENTATIVES INVITED TO ATTEND CONFERENCE AT SAN DIEGO ON 19TH OF JUNE

It is expected that Orange county will be liberally represented in the state conference of the California Celebrations Committee, which, an outgrowth of the plans for the Porto Festival of San Francisco, is co-ordinating California's holidays. The conference is to be held in San Diego June 18, and from the committee's headquarters in Los Angeles invitations have been sent to five leaders in civic associations of Orange county.

The representatives invited are J. C. Metzger of the Associated Chambers of Commerce of Orange County and the Santa Ana Chamber of Commerce;

J. F. Ahlborn of the Anaheim Board of Trade; Norman LeMarquand of the Fullerton Chamber of Commerce; L. P. Pratt of the Huntington Beach Board of Trade, and Lev H. Walker of the Newport Beach Chamber of Commerce.

According to the Porto Festival Committee of San Francisco, they will be asked to lay before the committee Orange county's festival plans, that this region's holidays and shows may be incorporated in a program embracing the entire state, which will include an unparalleled series of festivities, making California beyond comparison the playground of the world.

MATAMOROS IS NOW IN HANDS OF REBELS

Federal Garrison Surrendered This Morning; Heavy Losses; Thirty Federals Executed

BROWNSVILLE, Texas, June 4.—Following a twenty-four hour battle the federal garrison at Matamoros, Mexico, surrendered at 5 o'clock this morning. Losses on both sides are reported as being very heavy. American doctors crossed the border to care for the wounded. Sight-seers this afternoon estimated the dead at 200.

General Blanco, the rebel leader, executed thirty federals for violating a flag of truce.

Fighting Was Stubborn
MEXICO CITY, June 4.—As predicted, the ministerial crisis seems at hand, and the resignation of the cabinet has been hourly expected. The ministers remained in session all of Sunday night discussing the French loan, which caused the break between them and President Huerta.

Some of the details of the loan, which have been carefully guarded, leaked out last night and caused much discussion, most of it unfavorable to the government.

If these reports are correct, the French officials will collect 38 per cent of all duties levied by the Mexican government, as a guarantee of the loan of \$100,000,000. The idea of having a French official supervising the customs receipts of the country does not appeal to Mexicans generally, according to gossip on the streets.

It was intimated, however, that the negotiations for the loan contained a registration clause, by which all duties are registered and the loan officials must take their figures from this registry, thus obviating the necessity of supervision over the Mexican incomes.

MATAMOROS, MEXICO, IN THE HANDS OF REBELS

BROWNSVILLE, Tex., June 4.—After four hours' fighting, it is reported the city of Matamoros, Mexico, has been captured by the constitutionalists. The attack of the forces of General Lucio Blanco, the constitutionalist commander, of Matamoros, began at 10:40 o'clock yesterday. This first official report from Matamoros stated that the attacking lines had been repulsed three times. The shooting was brisk from the start and continued three-quarters of an hour. Then the firing was carried on by both sides in a desultory way. The entire force of General Blanco, numbering about 1800, were brought into the attack. Major Estaban Ramos, commander of the federal forces

50 CALLED IN PROBING OF LOBBY

Subpoenas Out for Those Alleged to Be Fighting Underwood Tariff Measure

TESTIMONY LIKELY TO BE CLOSED TOMORROW

Lane of Oregon Says Interests Spending Money But Defeat Own Ends by Selfishness

WASHINGTON, June 4.—Subpoenas for fifty manufacturers and others, alleged to be fighting the Underwood tariff bill have been issued by the senate subcommittee investigating President Wilson's "insidious lobby" charge. Among the subpoenaed are Henry Oxnard and Frank Lowery, both fighting free sugar; Buford Lynch, working in connection with patent medicines; Frank Gorman and Allen Irvine, manufacturers' agents; Senator Overman, chairman of the committee, stated that he expects to complete the testimony of senators before tomorrow.

Lane of Oregon was the first witness today. He named S. W. McClure, secretary of the Wool Growers' Association, and Frank Cheney, for the silk manufacturers, as persistent callers regarding the tariff. Cheney will probably be subpoenaed. Lane said:

"Much money has been spent by the interests in presenting congress with insidious and dishonest views of the tariff bill's effect. But because of their selfishness in sitting tight to attain their individual ends, the manufacturers have defeated their own purpose."

Committeeman McCumber asked Lane what legislation he is interested in. "Wheat, oats, barley, flax and potatoes, all of which are disastrously affected by the bill," Lane replied. "I have not sought the influence of any senator, but if I knew of any senator open to influence I would hunt him up as fast as I could leave this chair."

Senator Stephenson followed Lane, chewing industriously on a wad of tobacco while he answered questions. He gave little information concerning the lobbyists but wandered reminiscently over various youthful experiences. Other senators examined were O'Gorman, Owens and Newlands. The latter declared that Claus Spreckles of San Francisco was one of his tariff callers. He said: "I have great confidence in Spreckles. He is thoroughly familiar with sugar and like the rest of the family is a great fighter." He declared that Spreckles said that a duty of half a cent a pound on sugar would be fair.

Chairman Overman read the testimony of Perkins of California, who declares he is interested in nothing affected by tariff, but pressure from California, especially from sugar beet growers, is strong.

During the Stephenson examination Senator Reed attempted to rally him regarding the cow "Pauline Wayne," which he took back after giving to Taft. Asked why he took the cow back, Stephenson drawled: "Well, Taft wanted to live at a hotel. Most hotels are no place for a cow."

Stephenson recalled several million-dollar mines he owned but could not tell the value of all. When asked if he favors free lumber, he replied: "Further than that, I am generally in favor of all raw materials being free."

500 RIFLES TAKEN BY OFFICIALS AT BELFAST, IRELAND

LONDON, June 4.—In the Commons today Augustine Birrell, secretary for Ireland, admitted that the British customs officials yesterday seized 500 rifles at Belfast. They were shipped to Ulster in boxes marked electrical fixtures. The government fears other rifles have been successfully delivered and that an outbreak may follow any proclamation of home rule.

SIX MEN WILL BE UNDER SEA 36 HOURS

Cage Submarine to Descend at Long Beach in Effort to Break Submarine Record

LONG BEACH, June 4.—The Cage submarine, manned by John M. Cage, the inventor, Guy Hoopengardner, Captain Edward Bellinger, W. G. Cage, Jack W. Wood and Engineer James Marshall, will descend at 5 o'clock next Tuesday morning to the bottom of the Long Beach harbor to remain under water until 5 o'clock Wednesday afternoon. This submergence test will be made for the purpose of breaking the world's submergence record of twenty-four hours. The submarine will be equipped with telegraph wires and instruments, by means of which the news of what is happening inside the craft will be flashed all over the United States. During the thirty-six hours they expect to spend inside the submarine when she is at the bottom of the harbor, the six men will sleep, eat, play cards and sing.

The submarine descended at 10 o'clock this morning to the bottom of the harbor with Mrs. John M. Cage, Miss Sprague and Mrs. Myra K. Miller aboard. Before the submergence record is attempted, inventor Cage states, he will run the submarine to Catalina and back to Long Beach. The day has not yet been determined.

ARE TO OPERATE ON MYSTERIOUS "J.R.C."

Minnesota Doctors Wait Four Years for "Lost Identity" Man to Recover Health

ROCHESTER, Minn., June 4.—Up on the deftness and skill of surgeons at the Minnesota State Hospital here, depends the solution of what has for four years been one of the most mysterious cases of lost identity in the Middle West. After four years, surgeons at the hospital announced today they will operate on "J. C. R.," a man of 40 or 45 years of age, who was found wandering aimlessly about the depot at Waseca, Minn., one evening in June 1907. The man is known as "J. C. R." because those initials were found sewed to the lining of his coat. In the four years the man has been at the hospital he has not uttered a word. At first he was sickly but he is now robust and healthy. The man appears to hear and understand but when it comes to expressing his thoughts by means of signs his mind seems to fail him and it has been with great difficulty that the physicians have learned the little they have about him. It is believed he was a sailor. Through showing him pictures it has been decided he was an officer, probably in the navy or possibly as a member of some Arctic expedition. Through publicly given the case during the past four years state officials have received thousands of letters from persons in search of missing loved ones.

Physicians would have operated long ago, but they feared the man's health would not permit it. The operation will be performed next week.

From Over World Women Gather for International Woman Suffrage Meet

BERLIN, June 4.—Delegates and visitors to the convention of the International Woman Suffrage Alliance in Budapest June 15 to 20, gathered here today from all parts of the world to attend the preliminary public meeting to be held here this evening. From here the party will travel to Budapest, stopping in Dresden where they will be received by the Saxony Woman Suffrage Association; at Prague where the Bohemian Woman Suffrage Association will receive them, and in Vienna where they will be received by the Austria Woman Suffrage Association. The dates are: Dresden, June 5 and 6; Prague, June 7, 8 and 9; and Vienna, June 10, 11 and 12. On the 13th the delegates and visitors leave Vienna on the steamer Danube arriving at Budapest the evening of the 14th. Delegates from the National American Woman Suffrage Association were Dr. Anna Howard Shaw, Pennsylvania; Miss Jane Addams and Mrs. J. T. Bowen, Illinois; Mrs. Stanley McCormick, Massachusetts; Mrs. Henry Villard and Mrs. O. H. P. Belmont, New York; Mrs. Crystal Eastman, Connecticut; Mrs. Miss Ruitz-Ross, Connecticut; Mrs. Emma B. Sweet, Mrs. William Tod Helmuth and Mrs. Frederick Nathan, New York, and Mrs. Anna Maxwell Jones, Texas. Alternates are Miss Nettie L. White, Washington, D. C.; Mrs. T. Seton, Connecticut; Miss Lucy Anthony, Pennsylvania; Mrs. C. S. Laddey, New Jersey; Miss Mabel C. Willard, Massachusetts; Mrs. A. L. Williams, Alabama; Mrs. W. H. Weeks, New York; Mrs. J. J. White, District of Columbia; Mrs. B. Jenks, New Hampshire; Miss M. Whitney, New York; Mrs. Rutherford, Arkansas.

FUNERAL OF MRS. MARY TERWILLIGER SATURDAY

The funeral services of Mrs. Mary Morgan Terwilliger of Santa Ana, whose death occurred in Hollywood last Thursday were held Saturday morning at Connell's Undertaking Parlor in Los Angeles. Rev. Charles H. Seecombe officiating.

Mrs. Terwilliger belonged to that generation of hardy people who conquered the frontier.

A loving and devoted mother, she leaves five children, Mrs. Margaret Kirby, Mrs. Minnie Taylor, C. A. H. A., and Ned Terwilliger, to mourn her loss and cherish her sacred memory.

Mrs. Mary Morgan Terwilliger, eldest of a family of six children, born in Bellair, Ohio, December 7, 1841. Before she was 11 years of age she lost both her father and mother, and the family became scattered. The greater part of her life has been spent as a pioneer in new territory. While still a child, she, together with two brothers and an uncle, made a perilous trip from Ohio to the Middle West—a journey of many weeks overland to Kansas. During the journey they encountered hostile tribes of Indians, and had many trying experiences. It was in Kansas that she married Mr. Riley Terwilliger, an extensive cattle owner, and with her husband she traveled all through the rocky mountain states and Texas. She was a typical western woman, strong, courageous and with wonderful adaptability to every condition of this strenuous pioneer life, and helpful and resourceful to a remarkable degree. Wherever she lived she was known throughout the country as a most helpful friend in time of sickness or trouble. She was never too busy with her own affairs to fail to hasten to a neighbor or friend to assist in case of sickness or distress.

AMERICANS TAKE LEADING PART IN WOMAN'S CONGRESS

PARIS, June 4.—American women took a prominent part in today's sessions of the great International Women's Congress, which has been in convention here two days and will continue through Saturday. Important speeches made today were on the great good which has come in the way of legislation in those of the United States which have granted the franchise to women, on child hygiene and on the part women should play in sociological work. One of the features of today's session was the promised announcement that the National Council of Frenchwomen, under whose auspices the congress is being held,

has resolved to begin immediately a strenuous campaign for 'votes for women' throughout France. The announcement was enthusiastically received. It was tentatively planned that prominent English and American speakers will be engaged to aid in the promised campaign for votes for women of France. The Congress is the tenth annual one held by the international group of women's organizations.

WHOLESALE GROCERY COMPANY INCREASES ITS CAPITAL STOCK

At the annual meeting of the stockholders of the Santa Ana Wholesale Grocery Company held Monday afternoon it was voted to increase the capital stock from \$75,000 to \$175,000, it being necessary to increase the capital to meet the growing demand of the present business. The old board was re-elected and organized by electing the following as officers for the ensuing year: President, C. E. Lamme; vice-president, E. J. Cranston; secretary, W. W. Simon; assistant secretary and treasurer, Frank G. Freeman. The board being satisfied with the business under the management of E. R. Roehm, general manager, no changes were made.

"CUPID SPECIAL" PORTS AT MANILA

85 American Men and Women
Land From Steamer Mag-
nolia, One Month Out

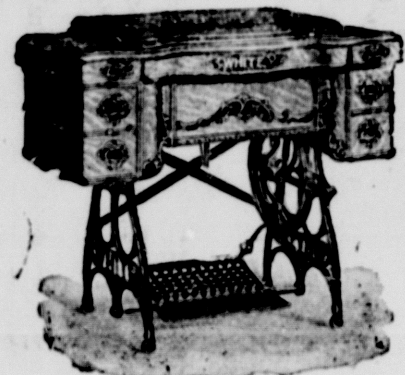

MANILA, P. I., June 4.—Eighty-five American men and women teachers—sometimes the expedition is called the "Cupid Special," because of the number who marry before their terms expire—landed here from the steamer Magnolia, which left San Francisco just one month ago today. The teachers were selected from the eligible lists of the United States Civil Service Commission. Nearly every state in the Union is represented, some states having as many as three or four representatives. All have graduated from leading colleges and universities of the country; some have taught in American schools. They will teach domestic science, agriculture, technical professions, manual training and trade school work as well as instruct the Filipino children in academic courses.

Their salaries are to be paid from Philippine revenue exclusively. There are 7000 American men and women teachers in the Philippine schools, which are run at a cost of three and one half millions annually. All teachers are "enlisted" for two years' service, with the understanding that their terms may be renewed if they prove satisfactory to the government inspectors who visit every school several times every year. Upon resigning at the end of their terms they are paid all back salary and an extra sum which is sufficient to pay their transportation home via Europe or the Pacific. Almost in every instance teachers upon resigning have gone home via Europe. The average pay of the American teacher in the Philippines is from \$50 to \$80 per month. Living is very cheap and it is seldom that half one's salary cannot be saved.

The trip here included stops at Honolulu, Yokohama, Kobe, Nagasaki, Shanghai, and Hong Kong of from two to four days at each place.

Central Labor Union Smoker
—All members of, and those interested in, organized labor are invited to attend a smoker at Central Labor Union in the First National Bank building, Santa Ana, on Thursday evening, June 5. Labor leaders from outside the city will be present, and they as well as local speakers, will address the meeting.

GERMANS PLAN TO HONOR THE KAISER

Will Celebrate 25th Anniver-
sary of Crowning; Fund in
U. S. to Go to Hospital

NEW YORK, June 4.—German societies throughout the United States and Canada today announced tentative programs for the celebration on June 15 of the twenty-fifth anniversary of the accession of William II, Emperor of Germany, to that throne. New York, as the city containing the largest German population of any city outside of the Fatherland, has taken the lead in arranging suitable programs in practically every city of size in America. Announcements made today by the central committee which is located here are to the effect that great celebrations will be held in Boston, Providence, R. I., Philadelphia, Cincinnati, Detroit, Cleveland, Chicago, Washington, D. C., Richmond, Va., Denver, Los Angeles and San Francisco.

Today's announcement also contains the information that the fund which has been collected from all over America to be known as the Kaiser Memorial fund, has reached proportions not expected by even the most sanguine. From the Kaiser himself a message was received here today by the central committee that it is his wish that any funds collected in connection with his silver jubilee be devoted to local philanthropic purposes. The local committee today decided that "in deference to the Kaiser's expressed wishes, and with the approval of the German ambassador, Count von Bernstorff," honorary chairman of the committee, the New York Kaiser Memorial fund be appropriated to the Kaiser Wilhelm Pavilion, a hospital now in progress of erection as a part of the property of the German Hospital and dispensary on Seventy-seventh street east of Park avenue.

The central committee today sent word to local committees in all cities where the fund is being raised that an engrossed address, to be signed by all contributors, will be prepared for presentation to Emperor William June 15.

BILL OF HEALTH FOR ALL GROOMS

Such is Desire of Prominent
Woman Welfare Workers in
Washington, D. C.

WASHINGTON, June 4.—Sex hygiene and the enactment of a law to compel prospective bridegrooms in the nation's capital to procure a certificate of good health before a marriage license is obtained, were subjects up for discussion at a meeting of prominent society women and welfare workers, held here Monday. The meeting was held in the home of Mrs. John Hays Hammond, wife of the mining engineer.

While it was apparent that the women were agreed on the compulsory production of the health certificate by the bridegroom, there was a difference of opinion as to the method of issuing such a certificate. One group favored the establishment of a medical board in connection with the health department, while others would give the authority to any reputable physician.

Dr. Eleanor Folkmar was on the program as the principal speaker, although Mrs. John A. Logan, Mrs. Howard Bell and other prominent women were prepared to advance their views. Further conferences will be held before recommendations as to legislation are made to Congress.

Most Children Have Worms

Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, restlessness, when they are victims of that most common of all children's ailments—worms. Fevers, ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kikapo Worm Killer, a pleasant candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kikapo Worm Killer is guaranteed. All drug stores, or by mail, Price 25c. Kikapo Indian Medicine Co., Philadelphia and St. Louis.—Advertisement.

SURPRISE IS GIVEN COUPLE

Employees of Santiago Associa-
tion Take Possession of Home
of Mr. and Mrs. Buer

ORANGE, June 4.—The Santiago Association packing house employees gave a surprise party last evening in honor of Mr. and Mrs. Henry Buer of South Center street. The crowd gained admission to Buer's house during their absence and the surprise was most complete. A pleasant social evening followed their homecoming, and all enjoyed themselves greatly.

Mrs. L. W. Shannon of Hiawatha, Kansas, who has been spending several weeks in Southern California, and her nephew, Leon Shadel, went to San Diego Saturday, returning to Orange last night.

Miss Cherry Lewis of Los Angeles is visiting her sister, Mrs. Murray Vandermast, on South Shaffer street. She will return home this evening.

Mrs. F. A. Gray entertained the Whist Club at her home, 623 East Maple avenue, yesterday afternoon.

T. M. Shadel motored to Long Beach this morning, after Mr. and Mrs. J. L. Shadel, who have been spending several days at the beach.

Orman Oak, who has been living in Orange for about a year and a half, left yesterday for Colton, where he will take charge of a ranch.

Frank Moore spent yesterday in Los Angeles on business.

Edward Lucy of Kingman, Ariz., arrived last evening to spend a month with his parents, Mr. and Mrs. Horace Lucy, on North Glassett street.

Mrs. Van Meter of Los Angeles was the chief speaker at a missionary tea, given yesterday afternoon at the Presbyterian church from 2:30 to 5 o'clock. The tea was well attended and a free will offering was taken.

Earle Pine and Woodson Wallace, who have been spending the last several days at home, returned this morning to the University of California to take the final examinations of the term.

The A. R. Graham family will soon move to Pasadena, having sold their eleven acre ranch, "The Palms," on West Collins avenue.

George C. Blower of the Statesman Publishing Company, of Salem, Oregon, was in this city on business yesterday.

The Sewing Circle will be entertained this evening at the home of Misses Lena and Minnie Grote. El Modena was treated to a little rainfall this morning, though the rest of the surrounding district escaped the wetting. A sharp downpour held forth for a little while, but soon abated.

Mrs. A. L. Tomblin, Sr., of Orange, and Mrs. V. L. Tubbs of Santa Ana, left this morning for Wyoming, where they will spend the summer.

Mrs. Tomblin will go from there for a visit in Colorado, Missouri, Illinois and Alabama, and will be absent for more than a year.

COLD IN HEAD GOES OVERNIGHT

Don't try to break up that bad cold with dangerous stomach disturbing drugs. Get directly to the inflamed membrane by breathing Booth's HYOMEL (pronounce it High-o-mel). Get a bottle for 50 cents at Rowley Drug Co. and try the safe treatment that thousands are using.

Into a bowl of boiling water pour a scant teaspoonful of HYOMEL, cover head and bowl with a towel, and breathe the deep into the lungs the healing vapor that arises.

Breathe this vapor for five or ten minutes until the head feels fine and clear, then go to bed and sleep soundly until morning. No cocaine or opium or harmful drugs in Booth's HYOMEL. It is made of Australian Eucalyptus and other antiseptics. It is guaranteed to end Colds and Catarrh or money back. Just breathe it—no stomach dosing.

LOT OWNERS URGED TO ACT IMMEDIATELY

The clean-up movement has taken a firm hold, and it is up to the property owners of the city to make the campaign thoroughly successful. The Woman's Civics Club expects lot owners to see to it that their properties are cleaned up at once. While Friday and Saturday are to be the days upon which the work will be most urgent, the property owners are urged to attend to their lots tomorrow.

The women who are on the committees will report to the precinct superintendent for assignments.

"TINY" BARKER IS MAKING HIS MARK

Santa Anans who are interested in "Tiny" Barker's baseball career will be glad to learn that the big boy is "delivering the goods" for the Wausau team of the Illinois-Wisconsin League.

On being taken back east by the White Sox he was "farmed out" by Manager Callahan to the Wausau team for a little seasoning. The change of climate with its cold and rain make it hard for a "coaster" to get into form, but in spite of these handicaps "Tiny" is rounding to and putting up gilt-edged ball. Last Thursday he let the Appleton team down with four hits and two runs. With perfect support he should have had a shut-out. Also out of four times at bat he got two hits. The eastern papers say the "Santa Ana giant" has big league stuff in him.

WELL THROWS GOOD STREAM

Booster Plant is Being Installed
by El Modena Irrig-
ators

EL MODENA, June 4.—The John T. Carpenter Water Company is putting in a booster plant so that the water from the new well may be used on practically all the water system. The well furnishes about 70 inches of water. This makes an excellent supply of water for the system. It is the intention to use the stream from the Santiago creek on the upper one-third of the lands, and make two streams of the well water. The new schedule will make the runs of water thirty and one-half days apart, or if any with berries or gardens wish it often they can get it every fifteen days.

Nearing Completion
The new schoolhouse has the roof on and the inside work is progressing nicely. The bell has been transferred from the old to the new, so the call to the children is from the new building.

There has been some talk about disposing of the old school property, but many desire to retain it for the better accommodation of children of the district.

Crawford & Lancaster intend to install electric power to take the place of the gas engines now in use at their wells.

The residences of El Modena will soon have electricity for lighting and other purposes.

The hay crop around El Modena, though rather light, is of excellent quality, and a better yield than in many other places.

El Modena strawberries can't be beat.

Licensed to Wed
A marriage license was issued in Los Angeles yesterday to George A. Gray, 37, of Fullerton, and Endella J. Atkinson, 25, of Los Angeles.

FORESTS TO ASSURE PURE WATER

Secretary of the Interior Houston has just approved an agreement between the Department of Agriculture and the town of Safford, Arizona, by which the Forest Service and the town will co-operate to conserve Safford's water supply, which comes principally from the Crook National Forest.

This is the latest one of many such agreements. According to the figures of the Forest Service there are nearly 1200 cities and towns in the west which derive their water supply from lands within the National Forests. Where these cities desire it the government joins hands with the citizens for the purpose of maintaining a permanent and pure water supply.

Stock raising, for example, or any other occupancy of the land, which ordinarily would be encouraged, would be inadvisable on a watershed which forms a source of drinking water. The Forest Service recognizes that water is as necessary a commodity for wooded hillsides to supply as are sawlogs or mine props. A watershed area may offer an opportunity to furnish the greatest benefit to the largest number through supplying an unpolluted source of water for domestic purposes.

Contracts like that just made with Safford are now in force with Cascade, Colorado Springs, Durango, and Manitou in Colorado; Salt Lake in Utah; and Baker City and The Dalles, Oregon. The famous Bull Run watershed, which supplies Portland, Oregon, is on the Oregon National Forest.

The co-operative agreement in each case provides that the land may not be used without approval by the town, except for the protection and care of the forests. The government agrees to extend and improve the forests by seeding, planting, and forest management, so far as the funds for that purpose are available. The city, for its part, assists by paying the salaries of the additional guards necessary to carry out the agreement, and contracts to bear the greater part of the cost of any improvement work which it considers immediately desirable.

TWO WAYS TO GROW PROSPEROUS

There are two ways for a business man to become more prosperous. The first is by active competition among his neighbors. If he is a live one, he realizes to the full the law of life, that he must hustle, or more energetic and brighter men will get ahead of him. He must get out AFTER trade or he will get out OF trade.

But an additional prosperity can be acquired, outside of whatever can be realized as the result of successful competition with your neighbors, by united efforts to make the home town grow. The advance of a whole community brings an accretion to every one who owns real estate or a business, or who has an income dependent on the prosperity of his neighbors.

This increment brings a new prosperity without much effort. As your household grows in value the more houses are built around it, so your business grows more valuable as more people read your advertising or pass your door.

No man is doing his duty by his own business, unless he sets apart a certain modicum of effort to be devoted to measures to make his home town grow. And any town can be made to grow by systematic and common sense efforts to attract new residents and industries. Communities are like stores, it takes advertising to attract interest and attention.

Often it is not advertising spread broadcast that lands new business. If every community does all it can to help its own young men who have new enterprises to start, it lays the foundations for concerns that will become prosperous and bring people to the town. A dozen active business men, who have faith in the future of their own town, who will give some time each week to working out plans and taking advantage of opportunities that would otherwise pass unnoticed, can work wonders.

The announcement of the decision to open Yosemite Valley to automobiles will be received with delight by the thousands of enthusiastic motorists of California. Yosemite Valley is one of the scenic wonders of the world.

SPECIAL WASHINGTON LETTER

By Burton K. Standish.

WASHINGTON, June 4.—There's a dark man with a sinister purpose lurking in his brain, in every corridor of the Capitol and the house and senate office buildings these days. Each of these gentlemen carries concealed in his verbal apparatus a series of explosive arguments against various schedules in the tariff bill. Each lurking gentleman is desirous of setting off these verbal bombs under the particular schedule in the tariff which meets the disapproval of his employer.

Among the number is the worried looking person of sleek aspect who is here to save the sugar industry from utter ruin. Members of this class are more numerous than any of the others. Does a harried congressman seek solace in the bright sunshine and balmy air of the Capitol grounds, a cutaway gentleman leaps from behind some near by bush and fastens his thumb and forefinger in the weary congressman's coat lapel. The gentleman's pockets protrude with memoranda and statistics tending to prove beyond peradventure that the sugar beet is due for eternal demerit if the fortress of protection is kicked from around it as suggested in the tariff bill. From behind another bush creeps another frock-coated lobbyist who has a tragic piece to speak about the sugar cane plantations which will be no more if the senate passes the bill.

When, faint and exhausted, the congressman reaches his office and bolts the door, there skips nimbly from the next room, a pleasing, open-faced gentleman with more statistics. He's the representative of the sugar refiner, who is perfectly certain that with the duty taken off sugar, the common people can afford two lumps in coffee and tea, and daughter can serve judge every night in the week, without embarrassing the family exchequer, and without hurting the pocket of the plutocratic sugar cane grower.

But the sugar devotees are only a part of the army would-be tariff bill murderers who are here waiting an opportunity to kill the entire bill or merely to relieve it of a part of its anatomy. There is a very ardent band of wool apostles, who can reel off at a moment's notice enough statistics on sheep and the wool industry to make existence a nightmare of sheep-counting for our legislators. The American Woolen Company, that organization which dolefully admits it will probably go to the bow-wows when the proposed tariff law becomes

effective, has a small army of representatives here making a last desperate stand against the new schedule K.

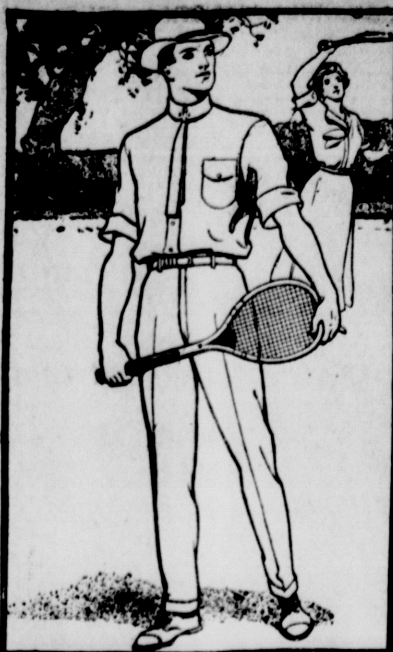

Then there are the cotton men, steel men, iron men, flour representatives, oatmeal manufacturers' representatives and others representing practically every United States industry which fears for its dividends if they are not protected by a mountain-high tariff wall. All are adopting tactics similar to those employed by physicians when as a last resort oxygen is pumped into the lungs of a dying man. A national advertising scheme by three of the sugar factions is but a small part of the campaign. Letters, statistics, delegations of manufacturers from the home districts, threats of reprisals—in fact every method known to love, hate and war are being put into use to stop the passage of the schedules which the interested industries fear.

But through it all, like a dread-naught sailing a stormy sea, the party leaders are steering the old Underwood tariff measure through the legislative waters to the haven of the President's signature.

Recalcitrant congressmen of Democratic persuasion who have been posed to certain of the schedules have been whipped into line. The moment they have shown signs of becoming skittish and over-leaping the traces of party pledges, they have been whipped and spurred back into line.

The brunt of this unenviable job of keeping the party intact has fallen on the shoulders of the chairman of the powerful ways and means committee, Oscar Underwood. With a skill and dexterity and calmness of purpose that has evoked admiration and praise even from his most bitter political foes, Underwood has curled the lash of authority about the flanks of those who gave signs of balking and the tariff wagon has successfully crossed the legislative plains of the house and into the roadways of the senate with no material or essential ounce of freight that was on it when it started, jarred off. In the senate Senator Simmons, chairman of the finance committee, is fighting the tariff battle aided by Senator Hoke Smith. Despite the fight which some senators are making against certain schedules, notably the duty from Louisiana, the passage of the tariff bill seems assured without change.

And behind the immediate line of battle against the lobbyists is President Wilson. He has declared for this tariff measure. The wool and sugar schedules are his own pets. He intends to see that they become a law.

A Word for the Orientals

The good people of the United States have for a long time been trying to solve the question: How shall we assimilate the immigrants that are coming to our shores; or shall they Europeanize us by changing our laws and customs?

This question is a national one. Again the question comes up for solution: Shall we admit immigrants from all countries? This question was forced upon this nation's attention by Denis Kearney, the sand lot orator, who was born in County Cork, Ireland.

Here we have one class of foreigners demanding that the Chinese shall not be permitted to come to this country. Let us ask the question: Why should immigrants from some countries demand that immigrants from other countries shall not have the same rights and privileges here that they themselves enjoy?

Just now the same question, although in the form of the anti-land bill, comes up for settlement. Now this question should not be settled by race prejudice; but it should be settled by the broad principles of justice which have made this a great nation.

Let us quote a portion of the Declaration of Independence: "We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness."

Many of the immigrants are desirable and make very good citizens; some are not desirable. The question is: By what rule can we decide the case and how can we overcome the evil effects of the class of immigrants that are not desirable?

We may not punish a man or deny him his rights on account of his complexion or his features. He is to be held responsible for his actions and his desirability should be determined by his actions and his influence. Now let us compare the merits of the different immigrants. I think all will agree that, comparatively speaking, the Chinese and Japanese are law-abiding and industrious. They do not spend their money in the saloons. They do not keep the police busy, and their trials in court and their hos-

pital treatment after some of their fights do not keep up expenses to be paid by the taxpayers. In these respects I think the decision will be in favor of the Japanese and Chinese, as compared with other foreigners.

The foreigners that we need to fear are those who are trying to destroy our common schools and who also, by their ballots, are controlling our legislatures. If the Japanese and Chinese were voters, and their votes might be purchased from some foreign potentate, and their ecclesiastical officer could be depended upon to deliver the goods, and their vote be changed from one party to another party, so as to hold the balance of power between the parties, then we would be in real danger. But it is not the Japanese and Chinese that are dangerous in this respect.

We believe it is a national suicidal policy to give foreigners a right to vote when they have been here but a short time and know little or nothing about our form of government. If laws were enacted that would prohibit all persons from voting who cannot read the English language a large part of the purchasable vote would be eliminated. This would make the great problem of how to assimilate the foreigners much more easy of solution.

WOMEN'S VOTES SMASH PORTLAND POLITICAL MACHINE

PORTLAND, June 4.—Oregon's last remaining political machine was smashed by the defeat in the municipal election Monday of Mayor R. G. Rushlight. Credit for the election of P. R. Albee, who will be Portland's mayor for the next four years is given unreservedly to women who exercised the right of franchise for the first time Monday. Mr. Albee will be Portland's first mayor under the commission form of government. In the direct primary nominations held under the old charter one month ago, on which date the commission government was adopted, Mr. Albee received the nomination on the Progressive party ticket. Under the commission charter election all nominations were non-partisan and made by petition.

LEPER ABROAD IN SAN BERNARDINO VALLEY—MEXICAN

SAN BERNARDINO, June 4.—Jose Ariza, 45 years old, believed to be afflicted with leprosy, is at large in the San Bernardino valley, after escaping from the county pest house. County Health Officer P. M. Savage, a sheriff's posse and many others are scouring the city and countryside in an effort to capture the fugitive.

Ariza was brought to the county pest house from his shack in the heart of Mexican town in Chino, that the ailment with which he is afflicted could be investigated. He was provided with a good room and every comfort in the pest house, but was gone when the doctor arrived to make a test.

THE WOMAN'S CLUB

Interesting Meeting Yesterday;
Club Felicitated Bride-to-Be
and Planned Outing

The Woman's Club meeting yesterday was well attended and proved unusually interesting. Members reported to roll call with "What Has the Club Benefited Me This Year?" One and all agreed that the lessons taught in club had done much to develop them along many lines; increasing the breadth of vision and giving them a deeper appreciation of their duties to home and community.

Mrs. P. L. Tople, Mrs. I. D. Mills and Mrs. C. F. Crose gave reports of the program as scheduled for the ensuing year. It was voted to accept the program in full as arranged by the committee.

The club voted to petition the city trustees against the destruction and rough usage of Santa Ana's public parks during the summer band concerts. The club women will recommend that the band hold concerts on Sunday afternoon.

Three new members were received into the club. Mrs. Clark Leslie had written a paper on wedding customs of various nations which was read to the club. The discussion of the paper was especially interesting, inasmuch as one of the club members, Miss Emma Hild, social editor of the Blade, will be a June bride. Miss Hild, who was present yesterday, was the recipient of many congratulations from her associates, who will miss her in club work.

The annual club outing will be held on June 24 at Newport Beach, where a picnic dinner will be enjoyed at the B. Utley cottage.

Y. M. P. C. Social

The largest number that has ever been present at a business meeting and social of the Young Married People's Class of the First Methodist church, gathered at the beautiful new home of Mr. and Mrs. Geo. Heil, 219 South Broadway, yesterday evening. This social should have been held May 20, but was postponed on account of the tent meetings.

A short devotional meeting was held as usual, followed by the business meeting. Reports given show that the class now has a membership of eighty-four with fifty-five as the largest attendance at Sunday school, and the teaching was wonderful. If there was another class of its kind as large in this county.

The following program was listened to with great pleasure:

Mandolin Club—Several selections.

Piano Duet—Misses Salk and Heil.

Song, "We Love Him"—Alice Heil, Viola and Alberta Post.

Reading, "Tommy's Threat"—Walter Heil.

Reading, "Inquisitive Stranger"—Miss Lewis.

Song, "Turn the Glasses Upside Down"—Fred Robertson and Walter Heil.

Reading, "As the Moon Rose"—Miss Talbott.

Piano Duet—Misses Salk and Heil.

The remainder of the evening was spent in playing games, in having a good social time and in admiring the many beautiful flowers with which the house was tastefully decorated.

Light refreshments were served by the entertaining committee, Mrs. Stearns, Mrs. Heil and Mr. and Mrs. Anderson.

Seventy-two were present to enjoy all these good things, the guests of the class being Mr. J. C. Stearns, Mr. and Mrs. McMath, Mr. and Mrs. Burns, the Misses Lewis, Talbott, Harrison, Cumberland, Egge, Salk and Allen. Mrs. Post will entertain the ladies of this class at her home 295 South Broadway, on the afternoon of June 10, and the next regular business meeting and social will be held on the evening of June 17.

Birthday Party

Miss Bertha Miller reached her thirteenth birthday Monday, and on Monday night a pretty party was given for her by her mother, Mrs. Jack Miller, at the Miller home, 805 East Third street. The house was prettily decorated with asparagus ferns and pink carnations, streamers of fern adorning the chandelier and curtains.

Music and merry games happily passed the evening until the birthday feast was spread.

The table was decked with carnations and ferns and a handsome birthday cake on which were thirteen candles. Each guest blew out a candle, which was relighted until all the company had blown out a candle and wished a good wish for Miss Bertha. A unique popcorn cake, made entirely of the white, fluffy kernels, was sent in as a gift. Each one present had to have a taste of the unusual cake. Ice cream and home made candy were served with the birthday cake.

Miss Bertha's guests were Marguerite May, Verda Blackmore, May Sexton, Helen Sylvester, Natty Robinson, Ireta Coulson, Mary Johnson, Olive Brown, Jennie Prevost, Hazel Miller, Frank and Harold Kellogg, Glenn and Freddie Baker, Donald Smith, Melton Foster, Donald Jerome, Richard May, Edward Hawkins, Chester Young, Perry Plummer, Bryan Finley, Kenneth Coulson, Charles Miller.

P-T. Garden Party

The City Federation of the Parent-Teacher's Association of the city will give a garden party on Thursday, June 12, 1913, at 3:30 o'clock in Birch Park to the teachers of the schools of Santa Ana. All teachers and members of the different Parent-Teacher's associations are cordially invited.

A program will be given and refreshments served. Ways of transportation will be provided for the teachers. Mrs. McElree will make a report of the Mothers' Congress at Berkeley.

Off for Eastern Visit

Mr. and Mrs. U. D. Palmer leave Thursday morning on an eastern trip of five months. The travelers will stop in Kansas at the former home of Mrs. Palmer for a short visit and then go on to Albany, New York, the boyhood home of Mr. Palmer. He has not visited the home place for forty years, and while he anticipates many changes the scenic Catskill mountains and the renewal of old acquaintances in various places will be a pleasurable summer.

Booster Prayer Meeting

The prayer meeting at the First Congregational church on Thursday (tomorrow) night will take the nature of a "booster service," in anticipation of the coming of the new pastor, Rev. Fred Staff, who is expected to arrive in time to fill the pulpit on Sunday.

Short talks will be given by the various departments of the church activities, and several special musical numbers will be given.

It is hoped there will be a full attendance of members and friends.

PRESTON-HALL

Pretty Home Wedding Celebrated at Orange; Bride and Groom Will Reside Here

One of the prettiest home weddings of the season was celebrated at Orange Tuesday evening, June the third. The entrance to the North Batavia street home of Mr. and Mrs. O. E. Hall, the parents of the bride, was a series of green archways hung with Japanese lanterns. Passing beneath these the guests entered rooms abloom with pink and white roses, with a background of delicate ferns.

Mrs. Addison W. Preston played the wedding march from Lohengrin, and Miss Florence Hall, sister of the bride, costumed in white with a bouquet of pink carnations, preceded the bride party, with Mr. Clayton Bond of Los Angeles officiating as "best man." Beneath an umbrella of white roses, Miss Julia Belle, the eldest daughter of the Hall home, was united in marriage to Mr. Ralph Perry Preston of Santa Ana, Rev. C. H. Seecombe of Los Angeles conducting the ceremony in his usual impressive manner, using the simple ring service.

The bride, who is a petite and charming girl, was lovely in a wedding gown of white charmeuse over tulle. The tulle wedding veil was caught with orange blossoms and a shower bouquet of white and pink carnations were carried.

There were many pretty gifts of silver, cut glass and linen showered on the young couple. Dainty refreshments were served by Miss Otto Burnbaum, after congratulations.

Among the out-of-town guests were Mrs. W. H. Preston, Mr. and Mrs. C. H. Preston of Exeter, Dr. and Mrs. Addison W. Preston of Visalia, Miss Villamette Preston of Los Angeles, Rev. and Mrs. C. H. Seecombe of Los Angeles, Mr. and Mrs. C. White, Mr. and Mrs. Balderson, Mrs. Jenny Glee, Miss Nella Burson, Miss Lou Morgan, Mrs. J. C. Gerles, Miss Della Hahn, Miss Margaret Truscott, Mrs. J. G. Variett and Mrs. Jennie Cackler.

Mr. and Mrs. Preston left shortly after the wedding supper for a short honeymoon trip. On their return they will live at 319 East Pine street, Santa Ana.

H. S. P. T. Association

The High School Parent-Teacher's Association will meet on Thursday (tomorrow) instead of today as was announced yesterday. It is hoped there will be a large attendance, as Prof. McMath will outline the new course of study.

Back From Auto Trip

Mr. and Mrs. H. C. Rutherford, and Mr. and Mrs. John W. Tabbs returned last evening from their extended automobile trip in the central portion of the state, going as far north as San Francisco. On account of muddy roads, they did not attempt to make either Yosemite or Lake Tahoe, but had had so fine a time otherwise that they felt no disappointment over not reaching those points, which still remain for them to enjoy on some future trip.

With Mrs. Bristol

Sixteen women of the First Section of the Ebell Travel Club journeyed gayly to Los Angeles yesterday to be the guests of a luncheon at the Los Angeles home of Mrs. H. R. Bristol.

The Bristol have recently built a lovely bungalow in the picturesque region opposite the now famous Mt. Washington Hotel, and the inspection of the new residence was one of the pleasures of yesterday's visit. The home was particularly attractive yesterday, a bright fire glowing in the roomy fireplace and fragrant flowers blooming here and there. It was all a decidedly cheerful contrast to the gray skies and chilly atmosphere of the out of doors.

Luncheon was served on a table decorated with vividly colored nasturtiums, the other rooms being adorned with sweet peas. Mrs. Bristol was assisted by her sister, Mrs. L. L. Shaw, Mrs. Lawrence Bristol and Miss Marion Bristol.

Yesterday's affair was purely social, the only action that savored at all of business being the discussion of plans for an outing in the near future, when the women will go to Los Angeles for luncheon at the Mt. Washington Hotel, the men joining them later to go to one of the theaters.

Return was made by half a dozen of the ladies on the 6 o'clock car, the rest of the party remaining for an evening theater party.

Those who attended the Bristol luncheon were Mesdames J. W. Bishop, L. J. Carden, H. C. Dawes, John L. Dryer, Mary Heathman, C. S. Kendall, J. J. Roper, Stephen Ross, L. C. Schilder, Wm. Smart, E. B. Smith, George Smith, I. W. Van Cleave, L. L. Shaw, J. P. Baumgartner, A. W. Ames.

Travel Club at Mrs. Baker's

The Second Section of the Travel Club met Monday with Mrs. W. D. Baker at her French street home. The study of "The Dolomites" was concluded at Monday's meeting, which was the last business and study meeting of the season. Officers were elected for next season as follows: Mrs. C. E. French, president;

"METATE DAY" AT POMONA COLLEGE

Mr. and Mrs. Bert Campbell and Mr. and Mrs. Frank Worden have returned from Claremont, where they went Monday on invitation from the junior class of Pomona College to enjoy "Metate Day." Each year the juniors get out The Metate, the college annual, and this year the publication was given to the Worden Printing Company of this city, of which Messrs. Worden and Campbell are members. The firm completed the annual a short time ago and were invited to be present at its delivery to the college by the juniors, an event over which there is "something doing" each year, the other classes endeavoring to get possession of the Metate before it is given over by the juniors. This year the juniors were successful in outwitting their fellows and a jubilation followed.

The Metate, as gotten out by the Worden Printing Co., is a beauty, typographically and in binding. It is really an artistic job and met with the approval of the students, not "one kick coming," as the editor-in-chief, Holland F. Burr, said to Messrs. Worden and Campbell after the annual had survived a 24-hour critical examination. Mr. Burr, by the way, has achieved a marvelous success in the beautiful Metate, the literature for which he is practically responsible for. Howard Hankey of this city, as business manager, also comes in for a big share of glory, having broken the record for Metate advertising. Both of these young men have had a multiplicity of duties besides the work on the Metate, but its matter and advertising was the best yet.

The Wordens and Campbells attended the junior class party given Monday night and were in at the excitement at 3 o'clock Tuesday morning, when the junior fellows awoke, the occupants of both men and women's dormitories with great firecrackers to signalize the safe delivery of the Metates. This was followed by a breakfast on The Knoll near the college; a circus parade by the juniors in which the boys and girls alike were in clown costume, walking or riding burros or ponies.

"Tubby" McFadden of Santa Ana was a gallant squire with two dames riding with him on his pony. Then came the procession lead of junior men and maidens into the chapel, the girls all in white, the men wearing dark coats and duck trousers, followed by a beautiful out-of-door drill in which all the juniors engaged. The entire Metate day celebration was a delightful and joyous affair and the Santa Ana visitors were royally treated.

Of the class of nearly seventy, four are students from Santa Ana and vicinity, and there are thirty Orange county students in the college. The juniors are Miss Mildred Mansur, Arthur Lutz, "Tubby" McFadden and Howard Hankey.

PERSONALS

Mr. and Mrs. J. D. Huey of Oro Grande, were guests yesterday of Mr. and Mrs. G. R. West. Mr. Huey is in charge of the limestone quarries at Oro Grande.

Louis Robinson was down from the Trabuco ranch yesterday, making the trip in his new Ford runabout.

Mr. and Mrs. Wm. Kempen motored over from Long Beach last evening to spend the evening with old neighbors here.

Misses Ursula and Inga Adams are at the home of Dr. and Mrs. J. R. Medlock; are here from Berkeley, visiting the Medlocks. Mrs. Wood and Mrs. Heathman are their aunts.

Mr. and Mrs. Robert Cameron of Orange are at Laguna for a three weeks' outing.

Mr. and Mrs. Howard A. Wassum, accompanied by Mrs. Ida King and son, Harold, leave tomorrow for a three weeks' auto trip, with Yosemite as their objective point. They will be joined at Los Angeles by cousins, Mr. and Mrs. H. E. Henderson, who will have their own auto. The party is prepared to camp wherever night overtakes them, and anticipate a royal outing.

On Friday Mrs. C. E. Ruddock, wife of the sheriff, and Miss Nellie Bacon, office deputy, start for Wisconsin for a visit of six weeks with friends and relatives. Miss Bacon has in charge the three Crotty children, charges of the county, who will be delivered to their grandmother at La Crosse, Wis.

Alan A. Revill left this morning on his journey homeward to old England where he will spend the summer at his old home in Hastings. He travels via the Canadian Pacific and its connections through Canada, stopping on his way to visit relatives.

Mrs. Sarah A. King will go to Los Angeles in the morning to remain three weeks during the absence of her daughter, Mrs. Wassum.

JAPAN CANNOT MAKE LEGAL TEST OF LAW TILL AUGUST

TOKIO, June 4.—In response to interpellations by members of the diet, Baron Nabouki Maikino, Japanese foreign minister, announced yesterday that Japan could not institute legal proceedings against the California alien land bill until the end of August, when the measure goes into effect. In the meantime diplomatic protests will continue to be made.

—Santa Ana Lodge No. 29 of the Fraternal Brotherhood will hold election of officers next Friday night. Every member is requested to be present. Will hold class initiation and banquet.

Best Laxative for the Aged
Old men and women feel the need of a laxative more than young folks, but it must be safe and harmless and one which will not cause pain. Dr. King's New Life Pills are especially good for the aged, for they act promptly and easily. Price 25c. Recommended by all druggists. Advertisement.

SOUTHERN GRAVES WERE DECORATED

After Memorial Duty, Reunion
Held in Birch Park by
Southerners

Yesterday the Southern people of Santa Ana paid tribute to those who died for the cause they thought just in the '60's. June 3 is the universal decoration day in the South and wherever Southerners may have taken up their abode.

The decoration of graves took place yesterday forenoon, those going to the cemetery meeting at the southwest entrance. After a short talk and prayer by Rev. Paul E. Wright, the company of Southerners scattered flowers from baskets over all the Confederate graves to be found. Flowers in vases were also used in the memorial tribute.

Return was made to Birch Park, Santa Ana, where an out of door dinner was partaken of by a large number of Southern people, many of whom had been unable to go to the cemetery. After the dinner the afternoon was spent as a real reunion, reminiscences and stories of the war and the South being the order of the day.

Dr. Head, who served four years in the Civil War told of his war experiences and also many stories of the Southern negroes. Mr. Covington, Revs. Raymond, Paul Wright and Scarborough, all of whom are sons of Confederate veterans, told old southern stories, also expressed the wish that the present history could more fully tell of the heroism of the southern soldiery before all the men in gray have passed on to the Unknown.

GIRL VICTIM OF WHITE SLAVERY IS SENT TO JAIL

LOS ANGELES, June 4.—Refusing to answer questions during the preliminary examination of J. P. Hardigan, the motion picture producer, charged with contributing to her delinquency, Christine Neal, aged 16, arrested in the recent vice probe, was sent to jail for a day for contempt of court. She will be questioned again tomorrow. Juvenile Judge Wilbur committed her to Whittier reformatory until she is of age.

"STARS AND STRIPES" IN LONDON—"TROOPING COLORS"

LONDON, June 4.—The Stars and Stripes were seen for the first time at the "trooping of the colors," the annual military spectacle on the horse guard parade, on the occasion of the king's forty-eighth birthday, yesterday. Old Glory was carried by the Columbia Park school boys of San Francisco, who were delayed in London, and were especially invited to participate in the ceremony.

Dr. Martin B. Schuchman announces that she has taken Dr. Mitchell's offices and practice, and will be glad to meet his patients, also any others needing the services of a Graduate Chemist. The offices at 165 1/2 East Fourth St. will be open from 10 a. m. to 6 p. m. daily, Saturday included. Sundays by appointment. Telephone Sunset 178.

AN ADDITION BEING BUILT

Local Walnut Growers' Association, Biggest in State, Needs More Room

Indications Are that the Crop of Nuts This Year is Going to Be Heavy

In order to take care of its growing production, the packing house occupied by the Santa Ana Valley Walnut Growers' Association on East Fourth street is being enlarged. The work of constructing an addition 90x20 feet was commenced yesterday under the supervision of Foreman Lee.

The packing house is owned by R. H. Sanborn, who is having the addition built, and is leased by the walnut association.

The Santa Ana Valley Walnut Association is the largest association in the state. Its shipments last year led all other associations, and will do so again this year. The indications are that the crop is going to be heavy. The addition to the packing house will better fit the house for handling the crop.

Guaranteed Eczema Remedy

The constant itching, burning, redness, rash and disagreeable effects of eczema, better, salt rheum, itchy, piles and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Holston's Eczema Ointment. Mr. J. C. Ekeland, of Bath, Ill., says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Holston's Eczema Ointment I found a cure." This ointment is the formula of a physician and has been in use for years and an experiment. That is why we can guarantee it. All druggists, or by mail, Price 50c. LOS ANGELES PRODUCE MARKET

Regular shipments of figs are received from Coachella valley and adjacent districts. About sixty boxes of black figs come in daily and about fifteen to thirty boxes of the white variety. The price has declined to about \$1.25 to \$1.50 a box. A consignment came in from Palm Springs yesterday.

A few plums have been received and were quoted at 8 cents a pound. The crop promises to be light this season. Small shipments of peaches come in. Apricots and cherries were firmer. Strawberries were more plentiful. The supply of blackberries, Loganberries and raspberries is improving steadily. The locust season will be over in a few weeks. It has lasted longer than usual, probably on account of the cool weather. The market was easy yesterday. Imperial valley cantaloupes were in evidence. Some watermelons were still on sale. The market was still overladen with green beans. A new crop of peas will come in shortly, and the quality is expected then to improve. A few peas of fair grade were received yesterday. Cauliflower is practically out. The market is generally well supplied with onions, although there has been a show of firmness in prices lately.

Imperial Bermudas were offered at 50 cents a crate and \$1.10 a sack and choice Australian Browns at 50 cents a sack, on the Produce Exchange. Oregon potatoes were offered at 80 cents.

Local ranch eggs were down 3 cent. Pallets' eggs were up a little. Offerings of Kansas-Nebraska eggs were about the same as heretofore--\$6.15 a case. The egg market is pretty steady generally, and an advance in the price of local ranch is not unlikely in a few days. Butter was a little easier, although it is not likely to decline. Lard butter was offered at 25 1/2 cents with 2 1/2 bid.

BOARD OF SUPERVISORS

APPOINTMENTS
THREE PLACES

Hitchcock, Expert; Parker and Fishback on the County School Board

This morning the Board of Supervisors made three appointments. A. L. Hitchcock of Orange was named to expert the county books for the last six months. W. M. Fishback, principal of the Orange Union High School, was re-appointed a member of the county board of education, and J. R. Parker, principal of the grammar schools of Fullerton, was appointed on the school board to take the place of J. L. Vandever of Anaheim, whose term expires and who did not apply for re-appointment.

Hitchcock is an expert accountant. He was employed by the county a year ago, and was later employed by Inyo county for the same kind of work.

\$300 for Publicity

On the petition of the Associated Chambers of Commerce of Orange County, \$300 was set aside to that body for use in advertising Orange county.

Bells Are Ordered

Frank E. asked that the county stand the expense of buying ten bells to mark El Camino Real through this county. These bells are to be placed along the state highway. The request was granted with the stipulation that the bells are not to be bought until the state highway is paved through the county.

Put it Underground

G. W. Young, with a bid of \$568, was awarded a contract for putting a distillate tank underground on the north side of the courthouse, which will do away with the present tanks above ground. C. W. Houghtaling put in a bid of \$597.

Communication Filed

W. J. Wells and C. R. Schenck as a committee of the Santa Ana Realty Board presented a communication asking the supervisors to have all railroad crossings fixed so that the approaches may be less steep. The communication was filed.

FOUR SCORE AND TWO

The oldest applicant for a marriage license who has been in the county clerk's office appeared there today. He is David W. Cunningham, aged 82, of Los Angeles. The woman of his choice was Minnie A. Holderbaum, aged 46, also of Los Angeles.

The marriage ceremony was performed by Rev. Chase, rector of the Church of the Messiah at his residence. Cunningham gave his occupation as civil engineer. His signature to the application shows no quaver, and in fact is as pretty a signature as can be found on the records.

CELEBRATED PASTOR
RUSSELL COMING

Pastor Russell of the Brooklyn and London Tabernacles and the Washington, D. C. Temple, has accepted an invitation to speak in Santa Ana.

He accepts no invitation to speak where admission is to be charged or a collection taken. Bible students all over the world invite him and secure the largest auditoriums, which are generally overflowed.

His sermons reach twelve million readers through eleven hundred newspapers weekly.

He is doing more to mould the religious thought of the world today than any other man.

He will speak in the Grand Opera House, 10 a. m., Sunday, June 15. Topic: "Beyond the Grave."

Protest Against Arizona Law
WASHINGTON, June 4.—It became known yesterday that Japan, China and Italy have made informal objection to the State Department against the Arizona alien land law. Frances R. Kendrick has petitioned for letters of administration on the estate of Josephine B. Read, who died at Grafton, N. H., on April 25. The estate, valued at \$5000, lies mostly at Huntington Beach. H. C. Head is attorney for the petitioner.

End Life Estate
Arthur W. Lewis has petitioned to have the life estate of Mamie A. Lewis in ten acres terminated. H. C. Head is attorney for the petitioner.

Appeal Case
The defendant in a suit brought by Peter Labourette against F. A. Smith has been taken into the superior court from the Huntington Beach township court, where judgment for triple damages, \$90 all told, was given the plaintiff. The action was for hold over and unpaid rent on Bay City property that was leased to the defendant for \$6 a month. Dick Harding of Santa Ana represents the plaintiff.

Marriage Licenses
Michael Bernius, 44, and Lenna L. Landis, 23, both of Santa Ana; Alfred C. Nearing, 29, and Eva Roll, 20, both of Garden Grove.

JUDGE WEST'S BIKE
LOST AND RECOVERED

Superior Judge West had an experience with a thief. In court he has had experiences with them many times, but this experience was one that is not supposed to be viewed in a calm, judicial way by the victim. Judge West was the victim. Somebody stole his bicycle. The theft occurred Monday night, and yesterday morning the judge had to walk to the courthouse. He reported the theft to the officers, and yesterday afternoon City Marshal Jernigan located the bicycle east of the S. P. on East Washington avenue.

RIG OVERTURNED
WHEN IT WAS FOUND

ORANGE, June 4.—The horse and buggy that was rented by J. J. Thomas Sunday and lost by him was found yesterday afternoon near Red Hill on a road seldom traveled. J. J. Thomas, who rented the rig, stated while the search was going on that he had no idea where he had left the rig. Evidently he had turned the horse loose. When discovered, the buggy was overturned and the horse was still hitched to it.
